## Georgio and Mikaela Fernandez SHARING A PASSION FOR BEAUTY

**H**e's one of the most talented artists in the makeup industry, and she's been a driving force behind one of the industry's hottest trends... but together, beautiful couple Georgio and Mikaela Fernandez have made the business of beauty a booming career, and proved that those who work together...do indeed stay together.

Georgio, a celebrity makeup artist and master brow sculptor, and his wife Mikaela, one of the most talented and respected eyelash extension experts in the industry, share a common passion for making women beautiful.

The duo work their magic out of a hip studio in Delray Beach, where it's rare to find an empty seat. Whether in need of grooming for those pesky unruly eyebrows, a flawless face worthy of the red carpet, or eyelashes that would even make Bambi green with envy, consider Georgio and Mikaela the one-stop-shop when it comes to putting the very best face forward.

Georgio began his career as an actor in his career in front of the camera in ABC's *All My Children*. His interest grew in behind-the-scenes beauty artistry and he became a Senior Makeup Artist at Neiman Marcus, went on to M.A.C. Cosmetics, and later became Director of Makeup Artistry at Eleven Spa Delray and its sister spa in the former Versace Mansion in Miami, Casa Casuarina. Stars like Jaime Pressly, Hillary Duff and Jessica Alba all scheduled brow sessions with Georgio while visiting South Beach.

As one of only 15 master lash stylists throughout the nation, Mikaela has helped take the trend of eyelash extensions to the next level. As a national trainer for Xtreme Eyelash Extensions, she lends her expertise to novice lash stylists across the U.S by demonstrating how to perfect their craft.

With plans to open a brand new state-of-the-art 'aesthetic abode' and a custom "all about eyes" kit in the works, the couple doesn't plan to slow down anytime soon!
