This summer it's all about batting those lashes! Master Lash Stylist and Xtreme Lashes Senior Trainer, Mikaela Fernandez recommends trying both Xtreme Lashes lengthening and enhancing mascara and Xtreme Lashes heated eyelash curler to gently lift, curl, lengthen and define your lashes. "My goal is to simply enhance a woman's natural beauty ... what better way to achieve that than with a knockout set of lashes." So, whether you are looking to lash out with a sultry set of eyelash extensions or to pump up your natural lashes, do it in style — ladylash style! To contact Mikaela call Ladylash Studios at 561-330-3434, ext. 320 or visit ladylash.com

All new from Raw Natural Beauty is Andiroba Botanical Face Primer—an all-natural treatment that promotes dewy, luminous, healthy-looking skin. Use under makeup, or on its own to impart complexion perfection with key active botanicals such as Brazilian Acai Extract (to actively eliminate free radicals that contribute to premature aging), Andiroba Oil (to help soothe and moisturize for clearer, more radiant skin), and Kombuchka™ (a black tea derivative that helps enhance the luminosity and clarity of the skin), to name a few. Raw Natural Beauty is the first line to offer high-performance formulas and age-defying active botanicals in every product, which work to combat visible signs of aging, while essential nutrients replenish and restore beauty, from the outside-in. \$49, rawnaturalbeauty.com
