LASHES™

Extend Your Beauty™

Xtreme Lashes

Xtreme Length Mascara and Xtreme Volume Mascara -
These specially formulated mascaras, made from botanical and organic materials, help lengthen and volumize the lashes. Both come off with water, so there is no need to use oil-based removers. Plus, the Xtreme Length Mascara comes with a lash comb and brush attached to the opposite end of the applicator. For more information, please visit www.xtremelashes.com.
