A Closer Look At Products That Are
Shaping Our Industry

Comfort Zone

Lazy days in the warm summer sun can do wonders for one's spirit, but they can also wreak havoc on the skin. Comfort Zone's Aftersun offers dry, tender skin the soothing moisture it needs to feel soft and healthy. Aftersun's thick, rich formula repairs skin damage caused by prolonged exposure to sun, wind, and water. It has two unique formulations, Comfort Zone Aftersun Face Recover and Body Recover, offer nourishment to the delicate skin on the face and body. For more information, please call 866-328-4637.

Medi Touch

Sunblock SPF 30 oil free antioxidant vitamins A and E is a broad spectrum sun block that provides great protection of the dermis and epidermis as well as superior protection against cumulative exposure to the entire UV range. This prevents discoloration, and photo aging. It maximizes sun protection, moisture, and helps balance the skin's pH. The protective ingredients lock the moisture bond and prevent premature aging. The anti oxidants and hydrating properties prevent dehydration and pigmentation. For more information please call 866-SKS-SKIN, or visit www.sksmeditouch.com.

TRUE

TRUE Essential SPF 30 Gel's daily protection meets correction in this weightless, broad-spectrum SPF (UVA and UVB protection) with skin-improving powers. This is a daily essential product to stop the number one cause of premature aging, damage, and hyperpigmentation the sun. Botanical moisture is deeply bonded by sodium hyaluronate to draw in what the sun takes away. Meanwhile, the Micro-delivery system absorbs oil and perspiration that can sabotage sun protection. For more information, please visit www.truecosmetics.com.

Dectro

After many years of research and development, here it is the brand new ChocoLatté depilatory gel. This creamy gel is composed of cocoa butter, titanium dioxide, and C3 bioresin, a purified pine resin obtained by a triple distillation process (pine royal jelly). ChocoLatté's texture is fluid upon application, even at low temperatures. It adheres well to hair while minimizing skin traction and redness. For more information, please call 800-463-5566, or visit www.dectro.com.

Xtreme Lashes

With eyelash extensions becoming a staple in salons and day spas around the country, professionals need to keep up with learning and becoming certified in their application. Xtreme Lashes offers professionals a one of a kind "Flat Back" "Closed Eyes" Mannequin Head Practice Kit an ideal tool to practice applying Xtreme Lashes Eyelash Extensions before applying to a human model. For more information, please, call 877-244-5274, or visit www.xtremelashes.com.

Hanna Isul

SOVAS 5 Vita C Hydra SPF 30 is excellent protection from the damaging effects of the sun for six hours. It moisturizes and nourishes the skin as well. What sets this sun block formula apart from all others is its light smoothing consistency and sensational feel. It combines inorganic and organic sunscreens for synergistic effect. For more information, please call 866-307-4331, or visit www.hannaisul.com.

MD Skincare

Powerful Sun Protection SPF 30 Sunscreen Packetties is a handy combination of effectiveness and convenience, these disposable pads offer a broad spectrum of sun protection. This formula fights sun damage from a new angle. Iron is proven to increase collagen breakdown when activated by the sun. Therefore, it is essential to combat that process. By encapsulating the iron, you will minimize what damage can penetrate through to your skin. For more information, please visit www.mdskincare.com.
