- Strategies for managing a salon and creating a professional image, focusing on establishing the following areas:
 - Retail guidelines
 - Marketing and promoting

Evaluation, Support and Feedback

- Individualized assistance throughout the training program
- Continuous trainer evaluation and feedback to build confidence and increase skill level

Certification Requirements

Demonstrate your skills in creating a proper frame and safely and seamlessly apply 50+ eyelash extensions per eye in a 2.5 hour period. Evaluations begin with your station setup and end with your delivery of aftercare instructions to your model.

- Xtreme Lashes Certified Trainers assess the following to determine if each eyelash extension is seamlessly applied:
 - No eyelashes sticking together
 - No broken, loose, or hanging eyelash extension bases
 - No gaps in between the natural eyelash and eyelash extension attachment area
 - Eyelash extensions attached with the eyelash extension tip pointing upwards, not leaning outside the frame
 - Eyelash extension attached 1mm from the eyelid
 - Eyelash extension attached using the proper attachment technique based on the chosen adhesive
 - Eyelash extension attached using the Side or Wrapping Attachment technique
 - Correct eyelash extension applied based off the natural eyelash criteria
 - Correct amount of adhesive used
 - Common signs of overusing adhesive are: excessive sticking, roughness to the area, and caps of adhesive at lash line.
 - When overusing FlexFusion with Rapid Cure Technology Purple or FlexFusion Original adhesive, the adhesive will dry purple rather than clear.
- Properly execute the entire Xtreme Lashes application process including, but not limited to the following:
 - Maintaining a sanitary work environment and an organized station
 - Client selection & preparation for eyelash extensions application
 - Completing a thorough client consultation utilizing the *Xtreme Lashes Client Profile System*
 - Minimizing irritation by using the *Xtreme Lashes Application Environment System*
 - Proper client and Lash Stylist positioning and posture
 - Executing the complete Xtreme Lashes Cleansing and Priming process to prepare eyelashes for application
 - Proper selection and placement of the under eye patches to cover lower eyelashes
 - **Measurement of the client's natural eyelashes** for the correct selection of lengths, diameters, and curvatures of eyelash extensions
 - Proper application techniques, including:

- Frame and Design
 - Isolation
 - Pickup
 - Adhesive Coating
 - Attachment
- Eyelash Extensions Removal
- Complete a thorough aftercare demonstration
- Documentation and systematic record keeping utilizing the *Xtreme Lashes Client Profile System*
- Verbally demonstrate understanding in the following:
 - Xtreme Lashes application process and techniques
 - Safe application practices
 - Retail knowledge
 - Common troubleshooting questions
